INSTRUCTIONS

1. Form A1295 receipt will be prepared in duplicate by the originator of any classified correspondence. *(One to be included in the first wrap and one to be retained by originator).*

2. The classification will be stamped at the top and bottom of the transmittal portion of the form in the appropriate block. Caveats should be stamped in lower classification block above perforation. Codeword information will never appear on the transmittal.

3. Add a control/receipt number to the "CONTROL" Block. Complete "FROM" block.

4. List each separate item controlled by a separate number.

5. Give an unclassified description, of material in the "TITLE/DESCRIPTION" block, and state the classification of the material in the classification block.

6. Include originating element organization designator in the "To" block at the bottom of receipt. Also repeat assigned "Control/Receipt Number" at the bottom.

7. If contractor material is involved, add contract number in appropriate block. Also furnish additional copy of A1295 for L221, if controlled by L221.

8. Type complete address in "To" block unless addressee is listed in USSID 505. *(If so, SIGAD's or short titles may be used.)*

9. Type or print name of individual preparing form. Sign in ink in the "SIGNATURE" block.

(Additional instructions covering marking of Letters of Transmittal are provided in Chapter II, Para 35.b., Classifications Manual 123-2)

STAT

SUBJECT: Visit Regarding RAMIS Briefing

TO: Director Central Intelligence Agency
STAT   ATTN:
            ODP/SPD
            Langley, VA

    1.   This is to confirm our previous discussions concerning a
RAMIS briefing at CIA. We are currently in development of a software
system to operate on an IBM 4341 computer and are exploring various
software components required to satisfy the mission requirements of
the system. One of the components under consideration is RAMIS which
we understand has been successfully employed by CIA for sometime. In
order to gain further insight into RAMIS, its operation and vendor
support experiences, we request a briefing by your staff on this subject.

    2.   If you can accommodate us in this matter, we propose to have
six of our personnel attend the briefing, all of whom are associated   PL 86-36
with our current project. Clearances will be passed if required.

ODP RELATIONSHIPS WITH NSA

STAT

Office of Data Processing has periodic contact with
NSA personnel. [   ] Deputy Director for
Telecommunications and Computer Services, represents
NSA in the IHC (Information Handling Committee) where he
meets regularly with Bruce. Our relationships with NSA
in this forum are good.

PL 86-36

In addition, we have spent time at each others'
installations discussing technical matters of mutual
concern, e.g., the use of Delta Data terminals (they
use Delta Data terminals also). Our contact in this

25X9

STAT

regard has been [   ] who, until his recent
retirement, was Chief/Op/6. His replacement [   ]

STAT

[   ] will be invited to spend the day with us
sometime in April.

25X9

STAT

25X9

We consider our relationships to be good and there
are no issues.
